The meeting was called to order at 7:03 pm.

1. The committee reviewed the preliminary draft drawings.
Adrian Mandeville walked the committee through the 3 D draft drawing that he created.
The committee also discussed the advantages of having the kitchen moved to a more central location on the floor plan.
2. The committee decided that the next steps are to present to the board of selectmen (BOS) a request for funding to have conceptual drawings prepared by an architecture firm. Once the BOS has approved the request, we will go before the Board of Finance to request funds.
3. Minutes of the last meeting from August were reviewed. One minor correction to be made to add the word "septic tank". With that correction the minutes were approved.
4. The meeting was adjourned at 8:40pm.
