RE: Public Health Review - Accessory structure - deck, pool, shed etc Description of work: Addition of concrete pad for propane tanks Reference #PHR-23-540

Location: 17 SCHOOL RD , Andover

Dear eric anderson:

Your application for the above referenced project has been reviewed for compliance with the Connecticut Public Health Code and Technical Standards. The plan is approved with the following conditions:

Per plan submitted 11-21-23.

Septic system separation distances are maintained.

CCA identified on site plan dated 4-5-23.

We will notify the local building official of this health district approval, but you should contact the town directly to determine when all other required permits will be approved for your project. Please note that any revisions to the approved plans, whether proposed by you or required by others, must be reviewed by the health district to verify compliance with the Public Health Code.

If you have any questions, please contact me.

Sincerely,

Thad King, MPH, REHS RS
