FROM: Jim Hallisey, Interim Wetlands Enforcement Officer

RE: Revised Order to Cease and Desist Activity at 129 Hebron Road

DATE: May 4, 2020

Please be advised that subsequent to the Show Cause Hearing held by the Andover Inland Wetlands and Watercourses Commission on April 14, 2020, the Cease and Desist Order issued by the Town of Andover's Interim Wetlands Agent, dated April 7, 2020, shall remain in effect, with the following modifications:

- 1) The subject property address in the initial order is corrected to 129 Hebron Road;
- 2) All activity within 100' of wetland soils and/or watercourses shall cease immediately;
and
- 3) An erosion and sedimentation control plan shall be submitted to insure the wetlands and watercourse on the property are protected from any stormwater backflow that might occur from activity elsewhere on the property.

In addition, a plan to remediate the activity within 100 feet of the wetlands and watercourses shall be submitted to the Commission before the next regular meeting, scheduled for June 1, 2020. If the property owner wishes to continue the subject activity in lieu of remediation, an Inland Wetlands and Watercourses Application must be submitted for approval to the Inland Wetlands and Watercourses Commission prior to the June 1, 2020 meeting.

Please contact the Wetlands Agent at (860) 742-4036 to discuss how you should proceed.

Thank you.
