RE: Inland Wetlands Application
12 Webster Lane
Andover Connecticut

Dear Ms. Kelly;

This letter is to inform you that we have submitted an application to the Inland Wetlands and Watercourses Commission in Andover to construct a residential development including a house and septic system within a regulated area.

It is a requirement of the Andover IWWC that we notify any municipality within 500' of the proposed work, and that would be Bolton. Please note that your Wetlands Commission has seen a drawing of the proposed work as a portion of the work to be done is in Bolton. An application to Bolton was reviewed by, and approved by your Commission as Permit #2020-1.

The drawing before the Andover Commission is the same drawing your Commission has approved. Please let me know if you would like me to forward another copy of the drawing, or if you need anything further from me or the applicant.

Respectfully yours,

Gerald E. Hardisty, P.E.
