RE: IWWC 20-23 57 Hendee Road

Dear Ms. Lally,

As requested, I am providing an updated written opinion whether the current proposed plan for 57 Hendee Road would result in adverse impacts to the wetlands. The “current proposed plan” is referenced below.

- Plan entitled “Plan Prepared for 57 Hendee Road, LLC” prepared by Bushnell Associates LLC dated 5/1/20 as revised through 8/12/20, Sheet 1 of 1

It is my opinion that the proposed plan will not result in adverse or significant impact to the inland wetlands and watercourses. The applicant has submitted revised plans and written responses to address my comments.

Should you have any questions, please don’t hesitate to contact me at (860) 367-7264.

Sincerely,

Brandon Handfield, PE
