

*1- View of south wall and perched beach/fire pit construction. Area to the right of the wall will be covered with topsoil and seeded.*

*2- View of north wall after constuction. Area to the left of the wall will be covered with topsoil and seeded.*

3- View of north wall after construction. Topsoil and seed will be spread on this area.

4- View of south wall. There is a 6-foot distance between the fire pit and stone wall. At the recommendation of the contractor, the perched beach outer retaining wall was constructed with "Belgian Block " instead of 4x8 pressure treated posts.
