

APPENDIX 3

Application Requesting Approval for a Wall From ALMA

Please complete this application and a general sketch of the proposed wall showing its approximate location on the Lake relative to your property.

If there is insufficient room on this form please supplement your response with additional paper.

Send this application to ALMA, P.O. Box 3, Andover, CT 06232

1. Print name, address, phone no. and e-mail of the owner of the property:

Sean Maynard - 196 Lake Rd, Andover, CT 06232 - 860-917-6983
maamaynard13@gmail.com

2. ALPOA Member # 961 Name of Homeowners Insurance Co.

Homeowners Insurance ID # 613155768-633-1 Travelers

3. Description of work to be completed including dimensions of the wall:

Wall will curve down from top of hill about 50' height will be about 3' at its tallest point
The wall will be about 2' thick and the wall will not be in the water.

4. Proximity of wall to septic system and leach fields:

70'

5. Changes to shoreline/lake bottom as a function of installing/repairing the wall:

New wall will replace existing crumbled wall and will not effect the lake

6. General description of location where the wall will be installed in relation to the shoreline and your property:

The New wall will replace old existing wall. The wall will be 3' away from the lake at its closest point. The wall is on my property.

7. Is your proposed wall consistent with the material requirements set forth in the "Retaining Walls" paragraph? yes, the wall will be natural stone dry stacked.

8. What materials will the Retaining Wall be made of? Also, list the length and height of the retaining wall.

The wall will be natural stone dry stacked with a small amount of cement at top.

Maynard Wall Application 72023.pdf;

Sean,

Confirming my text yesterday ALMA has approved your attached wall application with the provision that you install a temporary Silt fence during construction to protect the lake from any runoff.

If you have any questions please don't hesitate to contact us.

Regards,

Jeff Hays
