

**Town of Andover
Inland Wetlands & Watercourses Commission**

Site Walk Minutes

Monday September 30, 2019

Site walks were conducted for the following applications:

Application: Tracey Moore, 93 Gilead Road, Andover, CT. Location of 30' x 80' green house in wetlands on adjacent property lot M 26 – B 22 – L 5. A.

Meeting convened at 5:30 pm. Members present: George Elliott, Jed Larson, Ed Smith. Alternate present: Rick Osborne. Member Jim Hallisey joined the group at 5:45 pm.

Applicant Tracey Moore discussed site conditions and degree of disturbance to erect greenhouse. Site selected to minimize impact on adjacent wetland portion of the lot, while providing adequate solar access. Seeking to merge lots. Access to greenhouse via driveway at 93 Gilead Rd, possible gravel cartway from driveway to greenhouse site.

Meeting adjourned at 5:50 pm

Application: Town of Andover, Remove and replace existing 24" culvert with a 24" culvert located at Hutchinson Road about 1/2 mile east of Hendee Road.

Meeting reconvened at 6:05 pm. Members present: George Elliott, Jed Larson, Jim Hallisey, Meghan Lally, Ed Smith.

Town Administrator Eric Anderson discussed the need for replacement of existing culvert. Replacement will include measures to reduce sediment flow from the outlet. Other than clearing the immediate work area around the inlet, no work is anticipated on the drainage ditch feeding the inlet.

Town of Andover, Twin (two) 2 culverts located at Hutchinson Road ¼ miles east of Hendee Road:

Site walk deferred until application has been filed.

Respectfully submitted,
George Elliott
