Dear Matt Stephan:

Your Application for the above referenced project has been reviewed for compliance with the Connecticut Public Health Code and Technical Standards. The plan is approved with the following conditions:

Field-verify the invert of the existing leaching row and adjust the system inverts accordingly to match to be added to plan.
Plan dated 4-5-23.

Please note that this plan approval is not an approval to construct the sewage disposal system. If not already done, a completed application and fee for the Permit to Construct the Sewage Disposal System must be submitted to the Health District for review and approval. The permit will be approved when all above noted conditions of approval have been met.

If you have any questions, please contact me.

Sincerely,

Thad King, MPH, REHS RS
