Subject: Extension Request

Good afternoon,

Per Section 825 of Connecticut Planning and Zoning statutes, George Correia and I, Erik Loteczka, would like to request a 90-day extension of the required recording dates for our resubdivision and rear-lot special permit plans. Our consulting engineer and attorney are still in the process of making final modifications and preparing the covenants cited as conditions of approval for our applications.

Please let us know if any other information is needed to formally make this request, and thank you for your consideration. We will keep the zoning agent and commission updated as we finalize our submission.

Sincerely,

Erik Loteczka and George Correia
