Dear Jim,

On behalf of the applicant William Genovese, I am reporting to you the following regarding progress on the gravel pit.

1. The special seed for the turtle nesting area is still on order.
2. Concrete blocks were installed last week to block the turtle nesting area. Additional blocks are on site.
3. The bare area on top of the back hill was hydro-seeded on last Saturday. A good growth of grass has been established on the restored area.
4. There was no removal of material this week.
5. I sent all the documents last week to Brandon Handfield he requested regarding the detention pond. He has not yet sent me his report.

Please call me at 860-345-7337 if you have comments.

Respectfully submitted,

Christopher G. Bell, P.E.
