Dear Jim,

On behalf of the applicant William Genovese, I am reporting to you the following regarding activity at the gravel pit.

1. There was no activity at the gravel pit this week.
2. The original contactor that started the project will be coming back next week to begin removal operations.
3. I will monitor the operation to ensure that the new disturbed area does not exceed the approved limits. Restoration will commence before these limits are exceeded.
4. We will inform the town prior to commencing restoration for inspection.

Please call me at 860-345-7337 if you have comments.

Respectfully submitted,

Christopher G. Bell, P.E.
