Dear Jim,

On behalf of the applicant William Genovese, I am reporting to you the following regarding activity at the gravel pit.

1. 25 loads were removed from the gravel pit this week.
2. The Owner has suspended the removal of material from the site as of today. The Contractor will commence grading the site to the final grade prior to installing topsoil. We will contact the town for inspection of the final sand/gravel grade prior to completing the topsoil grade.
3. The owner believes the shrubs should be planted in the fall to have the best chance of survival and not disturb the turtle nesting area at this time.

Please call me at 860-345-7337 if you have comments.
Respectfully submitted,

Christopher G. Bell, P.E.
