Johnathon Trumbull Highway Andover, Ct.

Dear Jim,

On behalf of the applicant William Genovese, I am reporting to you the following regarding progress on the gravel pit.

1. The special seed for the turtle nesting area is still on order.
2. Concrete blocks were installed yesterday to block the turtle nesting area.
3. The bare area on top of the back hill is scheduled to be hydro-seeded on this Saturday. The constant rain has delayed the Contractor doing this.  
There is currently some growth on the bare spot from overspray and weeds.
4. There was no removal of material this week.
5. I called Brandon Handfield regarding the detention pond. He said he would call me back and we will discuss the matter.

Please call me at 860-345-7337 if you have comments.

Respectfully submitted,

Christopher G. Bell, P.E.
