Re: Application for Gravel Pit
Map 33 block 36 Lot 23 and 24
Johnathon Trumbull Highway
Andover, Ct.

Dear Commissioners,

On behalf of the applicant William Genovese, I am requesting a waiver to section 23.2B paragraph A.1 and item 30 of the Andover Special Permit checklist of the Andover Zoning Regulations regarding the requirement for scale map of 1"=40' or larger. The submitted plans are at 1"= 50'. We believe that the 50' scale allows for the entire property and surrounding area to be shown on a single sheet without match lines or rotating the property to fit on the sheet. We do not believe this detracts from the detail or clarity of the plan.

It is for these reasons we believe the 50' scale plan is adequate.

Thank for your consideration.

Respectfully submitted,

Christopher G. Bell, P.E.
