

ANDOVER COMMUNITY GARDEN

June 28, 2022 - 5 pm EST
Meeting in the **Town Hall Community Room**.

We acknowledge the traditional custodians of the land, the Mohegan and Wangunk Nations, and pay our respect to their elders past, present and emerging.

[Garden Standard Operating Procedures document](#)

Upcoming events

- [Town Calendar](#)
- [Farmer's Market](#) - Wednesday July 13th 4-7 pm
 - Anyone want to table and hand out seeds?
- **Anything else?**

Abbie

5 mins

Ending Protocol:

Next meeting time.

- Meeting every 4th Tuesday of the month at 6 pm
 - Growing season: Meet at the garden, and if too cold/inclement, we'll move to the Community Room
 - Off-season: Meet via Zoom throughout winter

Misc Questions, Updates, etc:

- Pesticide application on border of the woods by TruGreen
 - Talstar - flea and tick application in spring
 - Marcie Miner - "It's a surface insecticide. Wouldn't have any effect now. It basically kills any tiny insect it comes in contact with but doesn't have a long residual. So you should be fine."
 - Vegetation spray in fall - our contact will call me to tell me what specifically this is

Action Steps:

-

Abbie
