# Recommendation for appointment of Advisory Committees

To be considered at the June meeting, these just represent Erics thoughts on who would best represent these positions.

- 1. I recommend the BOS appoint the Rec commission as the advisory committee for the Senior and Community Center Director
- 2. I recommend that the BOS appoint a 5 person Senior Advisory board
  - a. Current senior coordinator Cathy Palazzi
  - b. Representative from Young at Heart Probably Sue Schmidt
  - c. Senior representing active Recreation Bill Penn
  - d. Board of Selectman member that is retired Suggest Ann Creme
  - e. Senior transportation driver or representative Susan Camaroda
- 3. I recommend the BOS appoint a Community Center Advisory committee
  - a. Library Director Amy Orlomoski
  - b. Member Beautification committee potential Cathy Derosiers
  - c. Recruit three at large members

## Kate:

Please put this information below from Don Lundberg who is the new person who has taken over C.A.R.T. program for Mike Palazzi who has resigned effective today 5/8/2024. This program has been part of the Conservation Commission but is now standing alone since Mike had retired from the CC. Please put this new information on the website for Don for the committee and to interest residents in recycling bottles and cans for this great program. If you have any questions, please let me know.

Thank you. Cathy Palazzi 860-916-6122

# Carol:

This is to inform you Mike Palazzi has resigned from the C.A.R.T. program effective 5/8/2024. Don Lundberg a member of the C.A.R.T. program has volunteered to handle this program at this time. He has begun by purchasing needed bags for the Transfer Station and will turn the receipt over to Chris to pay. I have copied her on this email.

I have sent him a spreadsheet that lists the people who are in the program and who receive money twice a year from our Assistant Treasurer. Currently, Chris has and this week will be receiving the check for April. At the beginning of June and July there will be checks coming in for the month of May and June. Once Chris receives these checks and Manchester Redemption center has received a message to send all checks starting with the May directly to the Town of Andover where Chris can deposit and keep track easier.

Don Lundberg will make sure the committee members receive a schedule as we have done in past. This schedule is good through July This spreadsheet has been forwarded to Don and he will make sure the C.A.R.T. members receive it.

It has been fun working with this group for many years and I am delighted Don has volunteered to take over. He will purchase the needed bags with the understanding that Chris will reimburse him with his receipt as she did for me. If you have any questions please reply to this email.

Thank you.

Notice sent to owner of Barnett Property on route 6. Ongoing issues.

**Town Engineer:** 

In talks with DOT re new Access to Hutchinson rd

I also asked the town engineer for a proposal for survey and design for the pickleball fields and Playground to keep our design costs low. Proposal from cla engineering was too high.

#### **Animal Control**

On hold staying with current provider

#### **Public Works:**

Lots of smaller projects underway.

They wrapped up the conduit install for electrical generator backup and propane service. We will need to patch the parking lot between the fire dept/town hall.

Still waiting on the new plow truck

## **Bunker Hill Bridge Design:**

Rfp for Inspections services for Federal Local bridge services is back we had 9 applicants

Review Pool Mark Burns (DOT) Ed Srisley PHD construction engineering, Todd Penny Town Engineer Coventry, Eric Anderson town administrator

Some Progress- We are at final design design stage. Project is proceeding. Expected Start date 15 Feb 2025

## Long Hill Rd Bridge Design

Test borings Completed so it is in the 30% design phase

# **Small Bridges and Culverts:**

NLJ had done borings and is proceeding with the culvert design.

# **Andover Proposed Community Senior Center:**

Proceeding See notes on fit out

# **Andover Veterans Monument:**

Looks good plantings scheduled for next week to be ready in time for Memorial day

#### **Grant for Senior Transportation Vehicle**

Vehicle received, registered and in use.

# **Connectivity Grant:**

Still have some funds left over. Used some money for poop dispensers which Public works needs to install along with additional signage.

If the Board agrees with the proposl for an ebike rental I will spend the remaining money on a bike boxes for the community center space and possibly a bike repair station.

# Safety committee quarterly

Nothing new this month.

# Andover School District

35 SCHOOL ROAD ANDOVER, CT 06232 TEL. (860) 742-7339 FAX (860) 742-8288 www.andoverelementaryct.org Valerie E. Bruneau Superintendent Taylor Parker Principal

Dear Members of the Board of Selectmen

I hope you are doing well. On behalf of the Andover Board of Education, I am requesting your support in funding an engineering MEP (Mechanical Electrical Plumbing) assessment for the plumbing concerns at Andover Elementary School I presented those concerns at a CIP meeting on March 21, 2024, and at that meeting the hiring of a MEP engineer to further investigate was discussed. Eric Anderson who was at that meeting, indicated that he believed the Town would be able to cover the cost with existing funds already in the Town's general fund. The BOE concludes that this assessment will provide valuable insights that will enable the BOE to make informed decisions about necessary upgrades or repairs to ensure the optimal operation of the school. The BOE prioritizes the safety, well-being, and educational experience of our students and staff and the infrastructure of Andover Elementary School plays a critical role in achieving these objectives. To that end, I am hopeful that the BOS is willing to assist the BOE in the upkeep of our facility.

We believe that this is an important step in the collaboration between the Board of Education and the Board of Selectmen and it will exemplify our shared commitment to the well-being and prosperity of our community. We look forward to the opportunity to work together to ensure the continued excellence of Andover Elementary School.

Your support in funding the engineering MEP assessment would be greatly appreciated, and we thank you for your consideration in our request.

If you have any questions, please do not hesitate to contact me.

TO: Andover Board of selectmen

**RE: Joshua Trust Proposed Trail** 

Initially, I was skeptical regarding the proposed hiking trail on the conservation land abutting my property. At an earlier Board meeting I voiced my objection, not to the trail, but to any potential misuse of the trail. Since then, I have met with John Hankins and Bill Penn and subsequently dropped my objections.

I do so because the Joshua Trust People are not offering a feel good, pie-in thesky, fantasy proposal. Instead, they have a concrete plan backed by experience, skill, and intent. I believe they have the wherewithal to carry out their plans. I respect that.

I've heard about the controversy regarding the installation of parking lots. A 'not in my backyard' backlash. OK. So, what I would suggest is that the Board of Selectmen approve an abbreviated plan, sans parking lot.

On street parking is already approved in the neighborhood. There can be no objection to doing so. If an expanded parking arrangement would ever be considered, such a decision can be left for future action.

I hope you will look favorably on my suggestion. The trail is a low impact yet substantial asset for the Town of Andover.

Thomas J Fabian

Board of Selectman,

Leading edge thinks they will turn the building over to us around June 1. That seems reasonable. I would suggest we schedule a grand opening on Friday July 12 say 4 pm or Saturday the 13<sup>th</sup> at noon. This gives us time for a few of the other things we need to fit it out and get the grass to start growing, some beautification spending, etc. I would like approval at the next regular BOS meeting on May 13 to start spending for this.

At the grand opening it should hopefully be ready for a Director to occupy the building

To me this means the building will work for meetings and Luncheons, and be setup with work space for the director. There will be phones and a desk and computer for the director. The main space would work for Hybrid Meetings. We already have a safe and a secure filing cabinet.

The Cameras should function. There should be some outdoor amenities. This should include the bench that the Young at Heart group wants moved from the old fire house.

So I am going to suggest we start spending money on the fit out for the Community Center Fit. My suggestion is that we allocate \$25,000 from contingency to cover. Unless something drastic happens, we are in good shape overall on our current year budget. I spent 3 hours last week going over it line by line with Cheryl. Our overall spending should be under budget, and we have a \$100,000 cushion because we have a lot of anticipated revenue from interest.

I think we are safe starting to spend contingency to make this happen as opposed to the multiuse building fund. This represents an order from Uline for about \$13,500 for tables, chairs a desk outdoor furniture, chairs and table moving dolly

I would anticipate spending about \$2500 on 3 tv's, mounting kits and speakers for the main unit I asked Paula to confer with Jeff Murray and figure out exactly what they would recommend since I am not a TV guy.

Cameras Assume  $\sim$ 3-4K for the camera install for the building I would like to get this in by the grand opening if possible.

1500\$ for a good vacuum from shillers and initial Janitorial supplies to get the ball rolling for Wili and Suzie.

The remaining money would be spent on equipment and labor for getting the IT up and running

Here is what I am anticipating for the building

IT Per our It person, initial spend is aprox \$3500 to be able to function

Fiber connection to the new building Conduit installed now Need Length for the wiring from public works

**UPS** 

Fire wall

Wireless routers 2 interior one inside with outside antenna

Patch Pannel

POE switch 24

Move the NAS to the building

Rack system

Labor to install

Not included in this budget allocation:

1 pc with dual 27" monitors Printer for the director.

1 owl 3 Plus owl bar and extra microphone meeting cameras, plus a cheap laptop. bought off of next years budget This would give us one large hybrid meeting setup and one small meeting setup.

Phones Potentially 3

Once IT is wired Use IP Genie service to start July 1

One upstairs in office, one in hallway, one downstairs

Audio Visual

T V,s Will want 2 minimum possibly 3

Large 1 with 2 speakers and sound bars

85" 4k UHD qled Samsung \$1250 My guess others may have better info/ solutions

(2) LG 50" 4k UHD smart tv's 299 each

Furniture etc Uline

1 Office Desk 72X72 Maple \$985

5 Vinyl sled based chairs wit arms (black) \$800

Radio wall clock \$57

Cork board aluminum Frame 4x3 \$495

Vinyl padded chairs 60 black \$1920

Chair and table dolly \$360

- 4 Folding tables 60X30 gray \$800
- 6 Folding tables 98x30 \$1680
- 4 folding tables 60" round \$1500

Outdoor furniture U line seems to have the best prices

- 1 ada Metal Picnic table round green \$1200
- 1 regular metal picnic table round green \$1200
- 2 under table umbrella bases \$198
- 29' umbrellas Green \$398
- 4 polywood Adirondack chairs grey \$1140
- 1 green all metal trash can with bonnet lid green vandal proof \$830

Additional spending. I submitted for senior center ARPA funding ~\$9800

With that I expect to purchase a commercial Fridge, commercial freezer, icemaker, Microwave, shelving, coffee maker system and at least one stainless counter. This will function until we are ready to finish the fit out the kitchen with range and hood/ fire suppression, etc. The goal will be to have at least one sink in the kitchen.

TWO COMPUTERS - ONE FOR OFFICE AND ONE FOR PUBLIC TO USE

PRINTER – COLOR IF POSSIBLE

STAINLESS STEEL WASTE BASKETS (2 -LARGER SIZE KITCHEN, SMALL ONES IN CONFERENCE AND OFFICE ROOMS)

LOTS OF LIGHTING IN BUILDING INCLUDING KITCHEN

MOVE DORIS HUTCHINSON BENCH FROM OFH TO NEW BUILDING PATION AREA

THE REQUEST FOR THE APPLIANCES AND BAKING ITEMS – IT IS OUR INTENTION TO PUT ON BREAKFASTS MAYBE MONTHLY OR EVERY FIVE WEEKS TO THE COMMUNITY FOR A REASONABLE PRICE. ALL PROFITS WILL GO TO THE LUNCHEON FUND.

WE HAVE TWO BLUE SOFAS AND WILL CLEAN THEM WHEN IT IS TIME TO MOVE THEM IN 2024 TO THEIR NEW HOME! WE WILL TAKE THE COFFEE TABLE AND CORNER TABLE AS WELL.

THERE IS A TALL BLACK CABINET IN COMMUNITY ROOM WE WOULD LIKE TO TAKE.

THERE IS A BLACK BOOKCASE IN COMMUNITY ROOM WE WOULD LIKE TO TAKE.

THERE IS BLACK CABINETS ALONG SIDE OF FRONT WALL WE WOULD LIKE TO TAKE.

ALL THESE ITEMS WERE PURCHASED FOR SENIORS WHEN FIRST SELECTMAN SAID WE WOULD STAY IN THE COMMUNITY ROOM UNTIL A BUILDING WAS BUILT.

EXERCISE EQUIPMENT: WE HAD SOME AT OFH BUT IT WAS SOLD THREE YEARS AGO. WE WOULD LIKE TO PUT IT INTO ONE OF THE CONFERENCE ROOMS AND MAKE AN EXERCISE ROOM FOR ALL TO USE. TREADMILL, BIKE, STAIR STEPPER. WE WOULD LIKE TO HIRE AN EXERCISE PERSON LIKE WE HAD IN THE OFH AND COMMUNITY ROOM — WE PAY THE PERSON DIRECTLY \$5 FOR THE LESSONS EACH WEEK. YOGA, TAI CHI, ETC. WE HAVE A PERSON ON STAY BY THAT TEACHES YOGA FOR SENIORS JUST WAITING FOR CORRECT PLACE TO TEACH US.

IS IT POSSIBLE WHEN BUILDING THE KITCHEN WALL THAT FACES THE BIG ROOM TO MAKE IT A HALF WALL FOR EASIER SERVING? LIKE THE HALF WALL THAT WE HAD AT OFH?

ALTHOUGH THIS IS A LONG LIST THESE ARE ITEMS THAT CAN BE PURCHASED AS WE GO ALONG. ONCE PEOPLE KNOW WE ARE ACTUALLY BUILDING WE FEEL PEOPLE WILL DONATE ITEMS.

LASTLY, WE HAVE A BENCH AT THE OFH THAT THE YAH GROUP PAID FOR AND PURCHASED IN THE MEMORY OF DOIS HUTCHINSON. WE WANT TO PUT THAT IN THE FRONT OF OUR BUILDING SOME PLACE FOR ALL TO SEE. ERIC SAID HE WOULD HAVE IT MOVED OVER AT THE CORRECT TIME.

THANK YOU.

**CATHY PALAZZI** 

SENIOR COORDINATOR 860-916-6122 nanasworld@comcasst.net The town of Andover is considering implementing an E bike loaner program for residents. Bikes would be purchased through a grant program

These bikes would be set up for commuting. They will be restricted to class 1 so the throttles will be disabled. The purpose of this is to encourage alternate means of transportation in keeping with state and local goals for carbon emission reduction. The Idea is to be able to have residents try alternative transportation without having to purchase it. This matches the State DOT efforts towards promoting alternative transportation. This program is loosely based on a successful program in ohio that has been run successfully for the last 10 years

The Basic outline of the program is as follows:

Available by loan for 3 hours at a time. Daytime only not during peak traffic times

This would be during the daytime only when there is a staff person available at our new community center

To sign out a bike, a person has to be a member of the Community Center

There will be a waiver form (a proposed waiver is provided for your review)

There is a checkout form to insure the bike is in good working condition. Any employee who is authorized to check out the bikes will be trained in that task to insure it is OK to loan out that will be signed by the staff person **and** person borrowing the bike.

Each person will be provided with a helmet (town will stock multiple sizes) and a lock to prevent the bike from being stolen.

At the last meeting when we discussed this, I asked that you all actually try an electric bike. Did any of you follow through with that? If so what were your impressions?

I would also suggest you ask the Gostanians and or Elaine Buchart and or her husband Don, or Ed Sarisley as all of them currently use e bikes for their impressions.

Jeff Murrays Comments in Italics I am posting this first so that I can address these points.

- 1. I'm concerned about liability. I can say with certain confidence that this is not gonna fly with CIRMA.
  - a. Response from CIRMA
- 2. I'm concerned we have nobody to staff it to make sure that the bikes are brought back in operating condition. We cannot just have the bikes returned to a storage box because if it is broken the next person

that rents it could have an issue or an accident if things like the brakes have failed. They also may not plug them back into charge. And we will be liable if someone has an accident on a bike that is broken or needs service.

- 3. We have nobody to pick up these bikes or to service them if somebody gets a flat or an issue with the bicycle. I've worked dozens of charity rides, and the average person does not even know how to change a bicycle tube.
- 4. We're putting people out there in traffic that may not have bike handling skills or awareness of the road. These bikes can travel up to 20 miles an hour uphill and flat terrain. Even faster downhill and in the hands of an inexperienced rider, that could spell trouble. Hazards can be cars, potholes, or sand. Most novice cyclists do not have the skills to safely negotiate these obstacles at a higher speed.
- 5. The roads are dangerous. Yesterday going along long hill I was buzzed by a truck going 70 miles an hour. People are traveling up to at least double the speed limit on the roads in Andover currently. We won't even know if these people using the bikes are going to be traveling on the right side of the road or obeying traffic signs
- 6. We cannot ensure and police that people wear helmets while using these. If someone does get in an accident and they are not wearing a helmet it could be a liability issue for us.
- 7. Statistically looking at crash data for cyclists, people on e-bikes are disproportionally getting into crashes more than normal human powered bicycles. This is because people that do not have the handling skills and are riding at a much higher speed than their skills are capable of handling.

I am going to respond to all of these points the best I can, but not in order.

My argument of this program is that basically the benefits outweigh the negatives. The goal is to convince people to change to an ebike (or regular bike for commuting and shorter trips). Andover has a lot of hills, and realistically the fraction of people that will commute on an e bike is a lot higher than on a non e bike.

Benefits of a bikeshare program:

- Better health outcomes from an active lifestyle
- Lower carbon footprint
- Lower cost for transportation

Negatives of a Bikeshare program:

Liability/ Risk of injury

Cost and hassle of running a program

Lets start with the Benefits

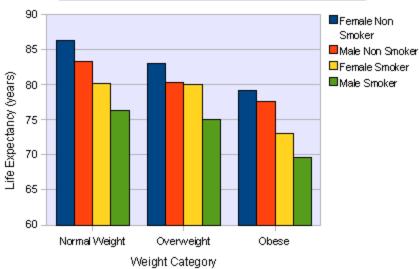

Cycling and being active makes you healthier, live longer and has mental health benefits. The CDC recommends 150 minutes of moderate physical activity weekly which most americans do not get

In America the last year there are complete statistics in the US the obesity rate was 42.7%, in Connecticut was 35% Sedentary lifestyle contributed significantly to that. On average being obese reduces lifespan by 5 years ( Per the CDC) Here are the effects of obesity:

- All-causes of death (mortality).
- High blood pressure (hypertension).
- High LDL cholesterol, low HDL cholesterol, or high levels of triglycerides (dyslipidemia).
- Type 2 diabetes.
- Coronary heart disease.
- Stroke.
- Gallbladder disease.
- Osteoarthritis (a breakdown of cartilage and bone within a joint).
- Sleep apnea and breathing problems.
- Many types of cancer.
- Low quality of life.
- Mental illness such as clinical depression, anxiety, and other mental disorders<sup>4,5</sup>.
- Body pain and difficulty with physical functioning<sup>6.</sup>

Obesity and Hypertension combined lead to over a million deaths annually in the US, the CDC estimates that obesity related conditions have an annual medical cost of 173 billion dollars. This is \$576 per capita. Anything we can do as a town to encourage healthy lifestyles is a good thing. Cycling and ebikeing count as moderate physical activity and commuting time counts towards the CDC recommended 150 minutes of physical activity per week.

# Life Expectancy At Age 40 By Weight Category

Source: "Obesity in Adulthood and Its Consequences for Life Expectancy: A Life-Table Analysis" - Annals of Internal Medicine, January 2003

Association of BMI with overall and cause-specific mortality: a population-based cohort study of 3.6 million adults in the UK - The Lancet Diabetes & Endocrinology

Lower Carbon footprint. This one is obvious shorter duration trips made by bicycle reduce the total carbon usage. Coupled with Mass transportation for longer trips this is the standard European model.

Andover is the lowest density town in the Capital Region. If mass transportation is ever going to work again, micromobility is going to play a role is solving what is commonly called the *Last Mile* problem. Basically this is what you need to do to get people from their home to a transit hub without getting in a car. Since the Commuter Parking lot is centrally located in town, the majority of Andover Residents are in riding, but not walking distance from the Lot. The conclusion is that cycling would have to be part of the solution.

Given the necessity of an all hands on deck approach to combating climate change, this is one good tool for andover.

# Cost of transportation

Per AARP, on average in CT households spend \$18,000 per year on transportation. That is about 17% of the average household income in Andover. Given the number of people telecommuting, the opportunity for a household to decrease this number by using one or more ebikes has the potential to save a significant amount of the budget. Given the comparative cost of an E bike with a electric car, it is a better bang for the buck if it is used. There are a lot less barriers to adoption. Currently I am using

around 350 watt hours commuting an average of 4 days and 5 trips per week for a total of 25 miles. So assuming standard charge efficiencies of 80% I use 0.44 kwh per week of electricity. So that would cost me around \$0.16 per week in electricity.

Negatives

Safety Cycling is more dangerous per mile traveled than driving a car if you discount the health Benefits.

Over the last 10 years, Connecticut averages 3.4 cycling deaths per year. Of those Deaths, only 17% occur in rural areas. So if you exclude urban areas, the state of Connecticut averages 0.6 deaths per year for cyclists.

Facts + Statistics: Sports injuries | III

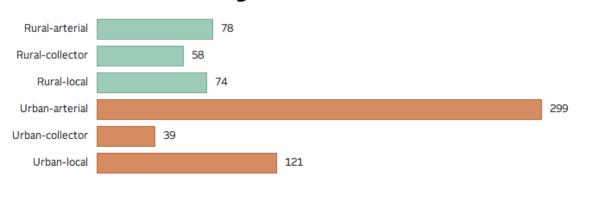

The reality is that bicycling and ebiking lead to very few fatalities and is a relatively safe activity. We could do much better as a country, but it still is not bad

Nationwide Between 75 and 85% of the  $^{\sim}1200$  annual fatalities occur in urban areas. Of those 40% occur after dark even though it is a much smaller percentage of total riding.

So worse case there are 300 rural bicycling deaths in the entire United States. E bikes seem to have around 1.5 times that accident rate of pedal only bikes though data is

### limited.

# **Locations of bicycle fatalities**

Source: League of American Bicyclists

The US DOT estimates between 6 and 22 billion miles traveled per year by bike While this is a huge difference, split the difference and call it 15 billion miles bicycled and 1266 deaths. On average you need to cycle 17 million miles before you are killed.

In 2022 17.7 million bicycles were sold in the US and 54 million people rode bicycles occasionally and on average 20 times. This causes 500,000 trips to the ER annually. So on average 1.08 billion bike rides each have a 0.05% chance of an ER trip.

Football has 1.2 million participants from youth through college and generates 383 thousand er visits annually.

The Most sport related ER visits are generated by football 14%, Basketball 12.5% cycling 9.9%, Soccer 7.1% skating and skateboarding 6.9% and Playgrounds 6.3%

https://www.cdc.gov/nchs/data/nhsr/nhsr133-508.pdf

Dangerous? Those are the numbers. Andover participates in football, basketball, soccer and are building playgrounds.

The second question is are e bikes more dangerous than regular bikes. I would guess they are, but not by a lot. What you are seeing is lots of people that are not experienced riders are riding E bikes. Put that same person on a non e bike and he is still a lot more dangerous than an experienced rider. We will remove the throttles so they are using the torques sensor only.

Top Speed It is absolutely true that the average speed for an E bike is higher than a pedal only bike. The bikes only assist up to 20 mph. Given that most town roads have a 25 mph speed limit this should not be a problem. The top speed of an e bike is lower than what a road bike user is used to. For instance, when I ride from my house on a road bike, Wheeling rd to Bear Swamp rd to Long Hill rd. I average 25-26 mph for that stretch because it is mostly downhill with a max speed around 40 mph. On my ebike I average 21 with a max speed of 29 mph. Going uphill the numbers are reversed. So while e bikes increase average speed, they do not increase max speed.

It is also true that a lot of adults are buying ebikes that have not ridden in many years. Because of this the accident rate will be higher. If you look at the data from research on active transportation below, you can see that incentive programs are effective at getting non riders to switch to e bikes as a transportation method. This is mitigated somewhat because these are not skinny road bike tires, the smallest of the bunch are 42C tires and the other two models are larger than that, with disk brakes and mirrors.

UBC-REACT-Lab\_ExecutiveSummary\_Saanich-Ebike-Incentives\_March2024.pdf

Other concerns raised by Jeff

Staffing: That is also a legitimate concern. Based on the success of the program I modeled it on, relatively inexperienced people can be trained to check in and check out the bikes on a simple form. If we bought an outdoor tool stand with pump that would solve the tools problem. We would use the bike shop for anything beyond a simple putting air in the tires. At the moment, we have zero staff at the community center. At the same time, we are planning on turning a lot of other things over to that person including starting a cornhole league. This is just one thing of many they would be assigned to.

Breakdowns: We are starting with all new bikes. While it is always possible that something catastrophic will happen, it is unlikely. There is a big difference between a charity ride where someone hauls out his 20 year old schwin with dry rotted tires that has not been tuned in 15 years and a new ebike. Likewise with flats. These tires are made for durability not low rolling resistance and are much less susceptible to problems. These are heavy bikes made for durability not performance.

If we do have to get someone once per year or so, during the day public works will pick them up and worst case scenario we call one in after hours to retrieve a bike/body. We would also plan on occasional servicing by the local dealer that sells them. All the ebikes that we are potentially purchasing have charge indicators so you know if they have charge or not. The instant you turn it on, you know if it is charged. The fact of the matter, they are bikes and if they run out of juice, you just pedal them. As far

as I am concerned that is a non-issue. If we want to get high tech we can add a timer to the electrical circuit so it only charges for a set time.

Helmet use. It is correct that the town can't insure that a rider is wearing a helmet. All we can do is make sure the person HAS a helmet and wears it as he/she rides off. This is different from standard bike shares where helmets are not included/ available. Hopefully by setting the standard of sending people off with a helmet, we instill the message that it is important. That is clearly a problem with most bike share programs with remote bikes. On the other hand, we can't insure everyone riding on senior transportation vehicles are wearing seatbelts, or any town vehicle for that matter. Nor do we insure everyone is wearing a cup and shin guards playing soccer. Nor do we police eye ware for pickleball.

E bike vs non pedal assist bike. If you are riding for enjoyment a cycling enthusiast is not going to want to ride an e bike for most situations, too heavy not nimble not much fun.

E bikes are for people who are not avid riders, and people who can use it as a substitute for a car.

Office of the Town Administrator

5/09/2024 Policy on Storage at the Senior/ Community Center

As the New Senior/ Community Center is occupied, numerous groups have requested space I the building for Storage. The town recognizes that storage in town buildings is at a premium and many groups have requested storage space in the lower Level of the Community Center.

Currently as designed, both the upper and lower Levels of the Center are designated for programming not Storage. There is limited Storage in a storage room in the lower Level and a combo storage/ cleaning supply/ food storage room in the upper Level. The main spaces of both floors are designated for occupancy, not storage. In part this is due to the building being designed with a 1-hour fire separation between floors which means that both floors have to have similar uses. Changing to a 2-hour fire barrier rating was too cost prohibitive for the construction. In other words, the main part of the lower level is not approved for Storage.

Therefore, storage in the building shall be restricted to those items approved by the Senior/ Community Center Director and shall be for items used directly by the center, and stored in a designated Storage room.

At this time, storage for the Library, Community Garden, CERT, will not be available.

At this point storage for the bounce house, has been approved, but other items require director approval.

We apologize for the the inconvenience the lack of storage causes and the town intends to rectify that when the Senior transportation Garage is constructed.

1. Call to Order/Pledge of Allegiance – Jeff Maguire called the meeting to order at 7:01pm. The Pledge was recited.

#### 2. Public Speak -

Jody Gross – commented in support of Joshua's Trust property and loop trail; trail is providing access to land for Town residents, limited to walkers and hikers only, promoting health and wellness for residents

Jeff Murray (commenting as member of the Public) – concerned regarding parking area location change and having trail goers close to property line

Sherry Michaud – in support of changes, safety and protective concerns of trail goers close to property Bill Penn – in support of Joshua's Trust, trail will be valuable to residents, also in support of E-Bike program

### 3. Board and Commission Presentations

**a. Library Board of Directors** – Jeff Ballard is negotiating on 18<sup>th</sup> Century clock to display, concerns about traffic in area of display; look for alternate space to display, potentially in Community Room or Community Center once complete. Town Attorney to draw up contract, will have on agenda for next month with photos for discussion

#### b. Community Garden Budget Request

- i. Fencing Jeff Ballard looking for permission to install fence, met with Eastern Highlands Health District about location requirements around leach field, received grant funding from AES for fence materials. Scott Person MOTIONED to grant permission for the Andover Community Garden to install a fence where approved and funded by a grant. Paula King SECONDED. MOTION CARRIED 5:0:0

  ii. Rain Collection Jeff Ballard 550-gallon water collection tank donated and is behind shed, shed needs gutters added and new roof. Will no longer need to use a hose and water from the Fire Department. Applied for Hartford Foundation for Public Giving grant towards water collection and storage for new 1,000-gallon tank. Jeff Maguire MOTIONED to move \$1,000 from Board of Selectmen Salaries to the Community Garden to allow the group to re-roof the shed to provide water collection for irrigation. Scott Person SECONDED. MOTION CARRIED 5:0:0
- 4. Appointments none
- 5. Resignations none
- **6. Town Administrator's Report** Eric Anderson provided update on projects in progress. Bridge & Roadwork: Bunker Hill Bridge replacement, road is scheduled to be closed and construction to being February 15<sup>th</sup>, 2025. Bunker Hill culvert repaired by Public Works. Long Hill Bridge is at 30% design phase, trying to include traffic light at Hendee Road in project. Lake Road at Bausola culvert, working to try and reduce costs by using existing survey, goal is to start construction next summer. (Continued on next page)

Spring on Aspinall Drive, excessive water when it rains. Look to replace basin tops and patching at AES. Multi-Use Pathway for Route 316, waiting on grant funding award, currently working on design with Legislative funding. #### Tax Collector's Collection Update

#### 5/9/24

All delinquent tax bills have had Demand notices sent to them this week. Delinquent real estate bills will have liens placed by the end of the month. Personal Property UCC-1 liens will be processed the first week of June. Starting in June, Alias Tax Warrants will begin to be issued for delinquent taxpayers. An Alias Tax Warrant grants my powers of collection to a State Marshall or Local Constable. All fees included with this service are paid by the taxpayer, so there is no cost to the town. I am fully aware that many of these delinquent taxes will likely never be collected as they do go back 15 years, but I must do my due diligence in attempting to collect them. I plan to start with the highest and oldest motor vehicle and personal property bills. I would like to attend a BOS meeting in the next couple of months to discuss collection methods for delinquent Real Estate taxes, and how the town would like to go forward with that in the future. Alias Tax Warrants can be issued for Real Estate, but they are not the "best" method of collection for outstanding Real Estate tax bills.

By State Statute, I must put a minimum of 1 account on suspense every year and provide this report to the Board of Selectmen for approval. Putting a bill on suspense does not make it uncollectible. All tax bills remain collectible for 15 years. Suspense merely alerts the town that this bill will likely never be recovered, and to not consider it an asset. Most commonly, I am only going to put a bill on suspense if the taxpayer has passed away, has no estate and no heirs. I will also start putting bills on suspense after the State Marshal has concluded that there is likely no way to recover the outstanding bills.

The June Refund Request may be higher than normal months, as ethically I must send refund request reminders to 2020 GL overpaid bills, before their refund time runs out.

As always, if you have any questions or concerns, please let me know. I am continuing to learn a great deal about the legal and ethical side of collecting. Not just processing payments. My current class is focusing on collection methods, and I have learned quite a bit.

As of May 9, 2024, the current uncollected taxes are at \$682,441.16. Interest, and fees is an additional \$428,118.07, creating a TOTAL of \$1,110,559.23 in outstanding taxes due.

ENTERPRISE FM TRUST	\$467.07	REFUND OF EXCESS PAYMENTS

DATE: Tax Refunds Total: \$467.07

Sec. 12-129. Refund of excess payments. Any person, firm or corporation who pays any property tax in excess of the principal of such tax as entered in the rate book of the tax collector and covered by his warrant therein, or in excess of the legal interest, penalty or fees pertaining to such tax, or who pays a tax from which the payor is by statute exempt and entitled to an abatement, or who, by reason of a clerical error on the part of the assessor or board of assessment appeals, pays a tax in excess of that which should have been assessed against his property, or who is entitled to a refund because of the issuance of a certificate of correction, may make application in writing to the collector of taxes for the refund of such amount. Such application shall be delivered or postmarked by the later of (1) three years from the date such tax was due, (2) such extended deadline as the municipality may, by ordinance, establish, or (3) ninety days after the deletion of any item of tax assessment by a final court order or pursuant to subdivision (3) of subsection (c) of section 12-53 or section 12-113. Such application shall contain a recital of the facts and shall state the amount of the refund requested. The collector shall, after examination of such application, refer the same, with his recommendations thereon, to the board of selectmen in a town or to the corresponding authority in any other municipality, and shall certify to the amount of refund, if any, to which the applicant is entitled. The existence of another tax delinquency or other debt owed by the same person, firm or corporation shall be sufficient grounds for denying the application. Upon receipt of such application and certification, the selectmen or such other authority shall draw an order upon the treasurer in favor of such applicant for the amount of refund so certified. Any action taken by such selectmen or such other authority shall be a matter of record, and the tax collector shall be notified in writing of such action. Upon receipt of notice of such action, the collector shall make in his rate book a notation which will date, describe and identify each such transaction. Each tax collector shall, at the end of each fiscal year, prepare a statement showing the amount of each such refund, to whom made and the reason therefor. Such statement shall be published in the annual report of the municipality or filed in the town clerk's office within sixty days of the end of the fiscal year. Any payment for which no timely application is made or granted under this section shall permanently remain the property of the municipality. Nothing in this section shall be construed to allow a refund based upon an error of judgment by the assessors. Notwithstanding the provisions of this section, the legislative body of a municipality may, by ordinance, authorize the tax collector to retain payments in excess of the amount due provided the amount of the excess payment is less than five dollars.

DPW 2024 April BOS Monthly Report

# Highlights for the Month:

- Much continued wood pick up from tree removals
- Pick up/Receive a donated enclosed trailer to DPW that we will use as a jobsite equipment trailer when working on different projects lessening the chaos of tools in the back of a truck
- Bear Swamp Cross Culvert at Bunker Hill Road (outlet side) using approximately 80-Ton of stone:
  - a) Fill in Erosion areas to stabilize embankments
  - b) Support Headwall
  - c) Fill in scour areas at bottom of headwall (discharge area)
- Repair areas of plow damage: various places
- Repair erosion areas along road edges: various places
- Some routine equipment maintenance and minor repairs
- Continued work at Propane Tank & Future Generator project behind firehouse to provide power to the firehouse, town hall, and senior center
  - a) Installation of (2) electric vaults and approximately 2500' feet of electrical conduit (made up of 3" and 1 ½" conduit) for interconnection of buildings (generator supply)
  - b) Installation of approximately 550' feet of conduit for gas lines (made up of 4" conduit) to supply town hall, senior center, and future generator
  - c) Installation of approximately 250'feet of conduit for a communication line between town hall and senior center for a backup server

Subject:

Bear Swamp Brook Cross Culvert at Bunker Hill Road

### The following shows:

The protection of the headwall and embankments from erosion and scour on the discharge side of the Bear Swamp Brook Cross Culvert at Bunker Hill Road is complete (please see attached pictures).

#### We placed:

- 2) Sheets of 15'x15' Filter Fabric (one each embankment)
- 3) Tri-Axle loads of 18" to 30" Rip Rap totaling 66.40 Tons (between the two sides and across the middle)
- 1) 6-Wheel Dump of 6" to 10" Rip Rap approximately 10 Ton (filling the scour under the headwall and filling the voids of the middle between the two sides)

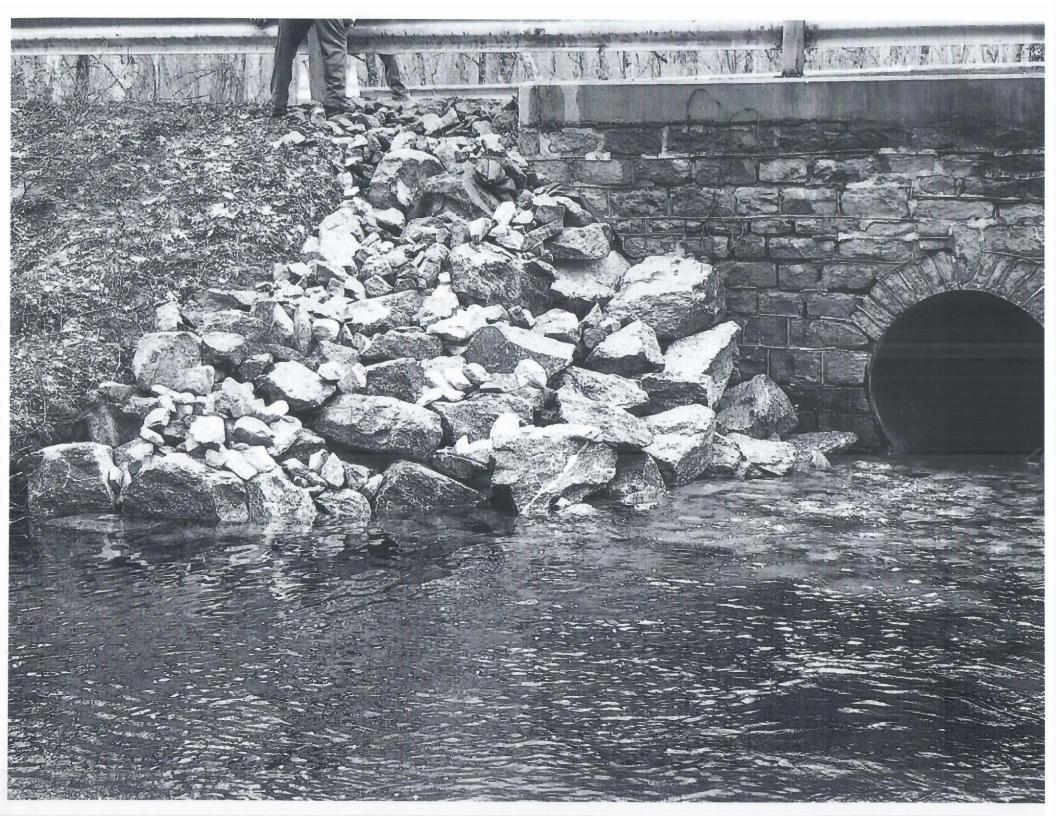

When summer comes and the brook is running at its lowest levels we'll have to go back and do some minor work on the inlet side. There is some erosion directly in front of the inlets at the headwall that needs filling, and we'll use 6" to 10" Rip Rap to do that. Also, we will need to do some re-pointing of the stonework (on both sides) in some areas (especially between the two pipes).

If you have any questions, please feel free to contact me anytime. Thank you,

Jay Tuttle Publicworks Supervisor / Tree Warden Town of Andover 12 Long Hill Road Andover, CT. 06232

# ANDOVER SENIOR TRANSPORTATION MONTH OF APRIL 2024

Dated 5/1/2024 Cathy Palazzi Senior Coordinator

Drug tests - One

• Medicals 72

• Events (3) - (1) Friday lunch, (2) YAH Meetings

• Maintenance (0) - Maintenance

• Incident Log None.

• Disabled 12 Passengers riding who require equipment or ramp to enter and

Exit bus. The 13th disabled as recovered almost in total and beginning

to drive again.

Veterans
 5 - Medical trips to VA in Newington

Meetings
 2 - YAH Meetings

• Shopping 4 trips (one per week) (6) seniors.

• Food Share 2 trips per month – (7) people riding.

• Food Pantry \*5 trips per month – (10) people on Monday nights,

- \*Seniors have been notified that the bus will no longer run on Wednesday mornings to Food Pantry as there was no interest. The seniors prefer to go on Mondays at 5:00 PM and we have a large turnout with as many as 10 going.
- We service (12) handicap people regular basis including weekly trips to the VA.
- Two seniors we drive 3 days a week for cancer treatment.
- (2) seniors having PT treatment three times per week.
- Bus transportation continues to drive our seniors, disabled and veterans to their medical appointments, meetings, movies, luncheons, town meetings, shopping, food share, food pantry, and voting days.
- Currently we have a totally disabled individual whom we take shopping on a separate day as he requires special care and stores for his needs. Caregiver goes with him.
- We take a disabled child to and from AES each school day.
- We will soon begin a new exercise program and the bus will be available to pick seniors up as needed.

Our Mission Statement is to service Seniors, Veterans and honor the American Disability Act (ADA) Clients in their medical or transportation needs: If underage disabled person requests assistance there must be a parent, guardian, or caregiver present. Title VI ADA state requirements are met and approved by state.

I will need to recertify Title VI this year to keep current with the American Disability Act (ADA) and Title VI.

Respectfully submitted,

Cathy Palazzi
Senior Coordinator
